

Experience Matters

Are you or your clients experiencing service disruptions from your TPA? If so, let's talk because **SISCO is part of the solution**. We believe that good service isn't just important, it's at the center of what we do. Experience reliability, longevity, cost control, and trust with SISCO.

A Partner You Can Rely On

40+ Years of Experience

We were administering plans before Madonna was a "Material Girl" and Harrison Ford went looking for the Ark. Our experience and technical expertise are second to none.

Privately Held

We work for our clients. Not for shareholders, providers or carriers, for our clients. Our goal is to help clients deliver great plans at lower costs, not raising our stock prices.

Service Focused

Members need help when it comes to healthcare. Our licensed call center resolves 91% of calls in 6 minutes with an average speed of answer of 26 seconds.
